

MONTANA FISH AND WILDLIFE COMMISSION

June 2014

Report on FWP Right-of-Way Easements, July 2013 through June 2014

Montana law (Section 87-1-209 (4), Montana Code Annotated) provides the Director of Montana Fish, Wildlife & Parks with authority to issue or receive rights of way valued at less than \$20,000, and calls for the Department to report to the Commission on these transactions. The FWP Lands Unit reports the completion of four right-of-way projects under this authority from July 2013 through June 2014, as listed below.

The first two of these projects are public access easements that were previously reported at the Commission's meeting of March 13, 2014. These two easements were acquired under the auspices of the Wildlife Division's Access Public Land program.
